Planned Power Outage in Iqaluit

Start Date: September 12, 2018

End Date: September 16, 2018

Iqaluit

30 sec

Qulliq Energy Corporation (QEC) would like to inform the residents of Iqaluit that there will be a planned city-wide power outage on Sunday, September 16.

The power outage will begin at 4 a.m. and is expected to be restored after approximately four hours. As a precaution, the power outage could last up to 6 hours.

This power outage is required to perform repairs and maintenance to the power plant and distribution system to improve reliability. The required work is expected to minimize any future city-wide power outages.

QEC would like to thank the residents for their understanding and apologize for the inconvenience this may cause during this time.
