Qulliq Energy Corporation (QEC) would like to inform the residents of Cape Dorset that there will be upcoming planned power outages in the community. These power outages are required to complete the final stages of construction and testing of the new power plant.

While the corporation will take all measures to avoid any interruption to the community's power supply, short power outages may occur while the new power plant is connected and tested. Customers will be informed in advance of planned power outages through hamlet officials, local radio and QEC's social media channels.
