

En cas de panne, vous devrez être préparé, de façon à en minimiser les inconvénients pour vous et votre famille. Veuillez suivre les conseils suivants durant votre préparation.

Avant une panne

Élaborez avec tous les membres de votre ménage un plan d'urgence en cas de panne de courant.

Ayez en main les coordonnées des intervenants locaux en cas d'urgence, comme le numéro des services d'urgence locaux, **le numéro d'urgence de la SEQ (1-867-222-3807)** et les numéros de votre famille et de vos amis.

Assemblez une trousse d'urgence en cas de panne de courant, et assurez-vous que toute la famille sait où elle est rangée.

Before an Outage

Make a power outage plan with everyone in your household.

Have local emergency contact numbers on hand, including local emergency services, **QEC's emergency number [1-867-222-3807]** and phone numbers for family and friends.

Create an emergency power outage kit and ensure that everyone in your household knows where the emergency kit is located.
