Qulliq Energy Corporation (QEC) would like to inform Nunavummiut that QEC's upgrades and maintenance season has begun.

During warmer weather conditions, QEC makes repairs to damaged power lines and poles, and performs upgrades and maintenance to power plants. This work is required to ensure that customers have a safe and reliable power supply all year long.

QEC staff will communicate with hamlet officials prior to planned power outages. Customers will also be informed in advance through radio, social media, and email.

QEC would like to thank Nunavummiut for their understanding.
