

**QULLIQ ENERGY
CORPORATION**

APPLY **TODAY.** JOIN OUR TEAM!

Qulliq Energy Corporation recognizes and reinforces Article 23 of the NLCA at all levels of the organization by inspiring, supporting, and growing beneficiaries so they can excel in their careers.

Inuit Leadership Development Program

Identifies prospective postsecondary students and financially supports them throughout the academic year, while also providing valuable work experience through summer internships in their field of study.

Summer Student Program

Exposes students to various areas within the organization in order to better equip them with the necessary experience to more effectively plan their careers.

Apprenticeship Program

Provides the opportunity to develop a fulfilling career by apprenticing as an electrician, diesel mechanic or power linesman. Upon completion, participants may be considered for full time employment within the organization.

Career Development Plan

Provides current employees with highly-individualized and focused long-term career development plans, enabling all employees to achieve the most from their careers.

Inuit Employment Plan Steering Committee

Tasked with reviewing, analyzing and providing constructive advice and feedback to senior management regarding policies and employment practices that affect Inuit employment, the committee ensures that the organization remains culturally relative and accountable to Article 23.
